venue agency is required to immediately contact the Davis County Investigative Bureau Chief and affirmatively invoke the protocol.

- (b) **Optional.** Each member agency in the capacity of a venue agency or employer agency, may itself invoke the protocol upon occurrence of any critical incident involving a law enforcement employee, which may have possible criminal liability attached to the law enforcement employee. The County Attorney may decline to participate in optional invocations.

C. INVESTIGATIVE AGENCIES, FORMATS, AND RESPONSIBILITIES

- (a) To properly recognize and accommodate the various interests and the various rules of law which may be involved in an incident, investigations of these matters may be performed under two separate investigative formats: the criminal investigation and the administrative investigation.

- (b) **Criminal Investigation**

- (a) Designation of Investigators

- (a) The criminal investigation that commences pursuant to the invocation of this protocol has priority over any parallel administrative investigation.

- (b) Upon invocation of this protocol, members of the Unified Command will select an Operations Section Chief and Lead Investigator to manage the criminal investigation.

- (c) The Operations Section Chief will be an Agent from the DCAO unless one is unavailable. In the event an Agent is unavailable, a selection from a list of prior Lead Investigators will be made by the Unified Command to establish an Operations Section Chief.

- (d) The Lead Investigator will be from a non-involved Agency and may be made without respect to the rank or title of the other investigators participating in the investigation. The Lead Investigator's Agency will be the official keeper of the record.

- (e) The Operations Section Chief and Lead Investigator will be responsible for coordination of the criminal investigation including the assembly and assignment of Protocol Investigators.

- (f) The Davis County Investigative Bureau Chief, or designee, shall have authority to request sufficient investigative assistance from any law enforcement agency in Davis County. Upon request, member agencies should provide, if available, investigators with experience and/or training in critical investigations to serve as Protocol Investigators

- b. Venue Determination

- (a) When an incident occurs in part in two or more jurisdictions, each of those jurisdictions is a venue agency.

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

- (b) When an incident occurs on the boundary of two jurisdictions, or under circumstances that make determination of the Venue Agency difficult or in dispute the County Attorney shall be the authority to resolve jurisdictional issues.
- (c) If an in-custody death occurs, the Venue Agency is that agency within whose geographical jurisdiction the act occurred. If the death appears to be from disease, natural causes, or conditions that have been medically diagnosed prior to the person's death and there is no apparent intentional or accidental conduct involved in the cause of death as determined by the geographical jurisdictional agency, the Venue Agency becomes that agency having custody of the deceased person when the distress was first discovered.

c. Scene Security

- (a) The Venue Agency has the initial responsibility for immediately securing the scene of an Officer Involved Critical Incident. Once established, the Unified Command may change responsibility for scene security as necessary and assign a Protocol Investigator as Scene Command.
- (b) An inner perimeter should be established as soon as possible and only those persons with a bona fide investigative or medical service responsibility shall enter this area.
- (c) The following crime scene practices will be adhered to:
 - a. Emergency life-saving measures have first priority.
 - b. Control the scene to prevent further injury or criminal activity.
 - c. Once the scene is secure, Protocol Investigators shall identify, locate, preserve, and maintain chain of custody of physical evidence.
 - d. Ensure that no evidentiary items are removed from the scene or disturbed without the approval of the Operations Section Chief.
 - e. Loose weapons should be left in place, not altered, and guarded until the Operations Section Chief directs removal.
 - f. If exigent circumstances exist that make removing loose weapons from the scene necessary for public safety all efforts will be made to either photograph the weapon(s) in place and/or establish their location with reference to other fixed points.
 - g. Weapons discharged by an Officer in an officer involved critical incident that are still in their possession shall be treated as evidence. The officer's weapon(s) should only be transferred to another person when it can be done without compromising officer safety, and the integrity of the weapon, as evidence, can be preserved. Unless necessary for safety, no attempt shall be made to change the condition of the weapon(s).
 - h. It is recommended that the involved officers be photographed as soon as practical to document their appearance at the time of the critical incident.

Clearfield City Police Department

Critical Incident Protocol

i. Additional evidence, witness interviews, and other investigative requirements will be conducted in accordance with standard investigative practices and protocols.

j. Once the protocol has been invoked, the Davis County Investigative Bureau Chief, Operations Section Chief, or Lead Investigator, when on scene, may direct that all running dash and body cameras shut off. This is done to prevent hours of video with no evidentiary value that will later have to be fully reviewed by Protocol Investigators.

d. Transporting and Sequestering of Involved Officers

- (a) Officers who were present at the scene at the time of an Officer Involved Critical Incident, will be relieved of their duties at the scene as soon as possible and removed to a location as directed by Unified Command. Officers from the Venue Agency not involved in the incident shall be assigned to accompany involved officers and remain with them to ensure their privacy, accommodate their needs, and preserve the integrity of each officer's statement.
- (b) Involved officers should not discuss the facts of the incident with any other involved party.

e. Involved Officer Interviews

- (a) Involved officers should not be interviewed by protocol investigators until after two or three consecutive sleep cycles.
- (b) At the request of the involved officer the interview may be held earlier.
- (c) Employees have the same rights and privileges as citizens including the right to legal counsel prior to the interview and the right to have their lawyer present during the interview.
- (d) Interviews of the involved Officer(s) should be conducted outside the presence of the Employer Agency to avoid confusion of a compelled interview. If an involved Officer wishes to have a support person, who is from the Employer Agency, that support person will define their role as such.
- (e) Public safety statements can be compelled without an attorney to determine if an immediate safety concern exists. The statement should be limited to information such as injuries, suspects, direction of travel, estimated number of rounds fired, and the direction they were fired, and any other essential information. Only one assigned officer should get a public safety statement from the officer(s) involved in the incident.
- (f) Any corresponding administrative investigation shall be conducted by the Employer Agency.

f. Intoxicant Testing

- (a) Employees have the same rights and privileges as citizens regarding intoxicant testing.
- (b) If investigators determine that the employee's sobriety is relevant to the investigation, they may obtain a sample through consent or a search warrant.

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

(c) The Employer Agency may require the employee to submit to intoxicant testing in accordance with their specific City or Department policy. This should be conducted as part of the Administrative Investigation.

(d) The employee can voluntarily request to submit to testing.

g. Briefing and Reports

(a) The Davis County Investigative Bureau Chief, or designee, shall arrange a briefing with involved agencies and protocol investigators within 3 business days of the Officer Involved Critical Incident to ensure progress in the investigation.

(b) All Protocol Investigators will submit reports in accordance with deadlines established by the Davis County Investigative Bureau Chief, or designee. Reports should be focused on the objective documentation of facts and circumstances and should not include personal feelings or opinions of individual investigators.

(c) The Officer Involved Critical Incident should be screened with the DCAO as soon as practical.

h. Evidence

(a) Unified Command shall request a crime scene investigation unit to act as part of the protocol team. Designation of this unit may depend on specialized skills, specialized equipment, location of the incident, and known conflicts of interest.

(b) The designated crime scene investigation unit will be responsible for documenting, collecting, and processing evidence from the incident. This unit will also be responsible for storing any evidence until such a time as it is determined to be appropriate to transfer the evidence to the Lead Investigative Agency for long-term storage.

(c) If the matter is concluded with the filing of criminal charges, all items of evidence shall be maintained by the Lead Investigative Agency and held in accordance with applicable State laws regarding retention and disposal of evidence.

(d) If no criminal charges are filed, the evidence shall be released to the Employer Agency and maintained by it in accordance with its procedures for disposing of evidence.

a. If the Officer Involved Critical Incident included officers from more than one Employer Agency, the decision on what to do with the evidence will be made by the involved agencies.

(e) If the DCAO issues a letter notifying the Employer Agency of its intent to decline charges, and upon completion of testing from the State lab, then weapons can be released to the involved officer(s).

(c) **Administrative Investigation**

a. The initiation of an administrative investigation and the extent of that investigation is solely the responsibility of the Employer Agency.

b. If the Employer Agency assigns Administrative Investigators, they should identify themselves to the Operations Section Chief as soon as possible.

Clearfield City Police Department

Critical Incident Protocol

- c. In addition to gathering the information for the Employer Agency, Administrative Investigators should act as a liaison between the Operations Section Chief and the Employer Agency.

Compelled interview statements, physical evidence, toxicology test results, and investigative leads that are obtained by Administrative Investigators shall not be revealed to Criminal Investigators without the prior approval of the DCAO following a determination of need and evaluation of the applicable law.
- e. The Operations Section Chief will periodically brief the Administrative Investigators on the progress of the criminal investigations. They will have access to briefings, the incident scene, physical evidence, witness statements, and reports.
- f. The County Attorney will provide the Employer Agency with the findings of fact as soon as possible.

D. MEDIA RELATIONS

- (a) The interests of the news media must be balanced with the requirements of the investigations and with the rights of the involved individuals.
- (b) Agencies with no jurisdictional or employment interests in the Officer Involved Critical Incident should not speak to the media.
- (c) The Department head or designee of the Venue Agency should be the single point of media information until the matter is referred to the DCAO. Prior to any information being shared with the media, the Venue Agency shall consult with the DCAO.
- (a) The Operations Section Chief will provide the Venue Agency with sufficient information to issue a press release.
- (b) Other participants in the investigation should refrain from making separate press releases or discussing the investigation with the media press without coordinating with the Operations Section Chief and/or Unified Command.
- (d) Release of Records
 - (a) Any agency head with jurisdictional or employment interests in the Officer Involved Critical Incident who is interested in releasing a record, proactively or in response to a GRAMA request, should coordinate with DCAO prior to release.
 - (b) All GRAMA requests for pre - protocol records created regarding incidents that led up to the Critical Incident Investigation Protocol being enacted shall be evaluated and released by each individual agency according to their own analysis of the record(s) and pursuant to GRAMA provisions.
 - (c) All GRAMA requests for Protocol Records associated with and created as a part of the protocol investigation will be referred to the DCAO for review and action. DCAO will create a protocol investigation case number and records shall be created under that case number and DCAO will be the keeper of the Critical Incident Investigative Protocol records.

Clearfield City Police Department

Critical Incident Protocol

1. The DCAO shall contact each agency with record of the incident and request applicable records.
2. Any agency receiving a request from the DCAO will complete their own review of the requested record(s) and complete any necessary redaction of private or protected information.
3. Each agency that receives a request from the DCAO will diligently strive to meet stated deadlines.

(e) Retention of Records

- (a) Davis County Investigative Bureau Chief shall ensure that complete copies of the investigation, along with any GRAMA information released by the DCAO are compiled for retention.
- (b) The Lead Investigating Agency, DCAO, the Venue Agency, and any agency with involved officers will receive a copy of this investigative file upon completion.

305.3 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.3.1 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved CPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any CPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Sergeant and the Communications Center. If feasible, sensitive information should be communicated over secure networks.

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

- (d) Take command of and secure the incident scene with additional CPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved CPD officer should be given an administrative order not to discuss the incident with other involved officers or CPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.3.2 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 - (a) Involved Clearfield Police Department officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - (b) Requests from involved non-CPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved CPD officer. A licensed psychotherapist may also be provided to any other affected CPD members, upon request.
 - (a) Interviews with a licensed psychotherapist will be considered privileged.
 - (b) An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 - (c) A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) If communications with a peer support team member occur, they will be considered privileged to the extent provided in Utah Code 78B-5-903.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

Each involved CPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Sergeant to make schedule adjustments to accommodate such leave.

305.4 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved critical incident, this department will conduct an internal administrative investigation to determine conformance with all department policy. This investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in a group prior to being interviewed.
 - 3. Administrative interviews shall be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Internal Affairs Investigator shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

Clearfield City Police Department

Critical Incident Protocol

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of a potential violation of any policy shall be determined in accordance with standard disciplinary procedures.

305.5 CRIMINAL INVESTIGATION

The Davis County Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the Davis County Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) Clearfield City Police Department supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of CPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.5.1 REPORTS BY INVOLVED CPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved Clearfield City Police Department officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved CPD officers may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved CPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.5.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved critical incident may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.5.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations Division supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the Davis County Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the Davis County Attorney's Office.

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations Division supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.5.4 STATUTORY MANDATES RELATED TO CRIMINAL INVESTIGATIONS OF CRITICAL INCIDENTS

The Shift Sergeant shall notify the Davis County Attorney's as soon as practical if the following critical incidents occur within the jurisdiction of the Clearfield City Police Department, whether or not an involved law enforcement officer is a department member (Utah Code 76-2-408):

- (a) Use of a firearm that caused an injury by a law enforcement officer or any other use of a weapon by a law enforcement officer in a manner that could have caused death or serious injury (e.g., a blow to the head of a person with a baton).
- (b) A fatal injury to any person that could have been caused by a law enforcement officer or while the person was in the custody of a law enforcement agency.

The Chief of Police or authorized designee and the Davis County Attorney's shall jointly designate an agency to criminally investigate the actions of a law enforcement officer involved in a critical incident, as appropriate, and may jointly designate a lead agency if more than one agency will be involved. An agency other than the Clearfield City Police Department will criminally investigate the actions of members who may have caused or contributed to a critical incident (Utah Code 76-2-408).

305.6 AUDIO AND VIDEO RECORDINGS

Any officer involved in a critical incident may be permitted to review available Mobile Audio Video (MAV), body worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office as appropriate.

305.7 DEBRIEFING

Following an officer-involved shooting or death, the Clearfield City Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing.

305.7.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Investigation Division Commander is responsible for organizing the debriefing. Notes and recorded statements should

Clearfield City Police Department

Clearfield City PD Policy Manual

Critical Incident Protocol

not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatcher, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Internal Affairs personnel.

305.7.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.
